

DEEP DIVE

— PROJECT SOLUTIONS —

Diagnostics. Decisions. Delivery.

Helping organisations achieve more predictable project outcomes through evidence-based diagnostics and better decision-making.

THE CHALLENGE

Most major projects fail to deliver.

Despite greater investment, technology and resources, only **0.5%** of major projects are delivered on time, on budget and on expected benefits.

WHY DEEP DIVE EXISTS

Better projects build a **better** future.

We exist to change the way organisations deliver complex projects.

By bringing independent perspective, rigorous diagnostics and commercial clarity, we help leaders make better decisions and achieve more predictable outcomes.

DIAGNOSTICS.

DECISIONS.

DELIVERY.

OUR APPROACH

A structured approach that drives results.

We follow a proven methodology that takes a deep dive into your project challenges and delivers practical, measurable improvement.

01

DISCOVER

Understand the context, objectives and key stakeholders.

02

DIAGNOSE

Apply our diagnostic frameworks to uncover root causes and risks.

03

PRIORITISE

Focus on the issues that matter most and drive the biggest impact.

04

IMPROVE

Develop clear, practical recommendations and actionable plans.

05

DELIVER

Support execution and ensure decisions are effectively implemented.

06

SUSTAIN

Embed good practice and governance to create lasting value.

OUR SERVICES

Three core services. One goal: **project success.**

We offer independent, high-impact services designed to identify issues early, strengthen delivery and provide the leadership and clarity needed to succeed.

01 PROJECT HEALTH CHECKS

Early and milestone reviews that assess project health and highlight risks, gaps and opportunities.

- Independent review and assessment
- Performance benchmarking
- Prioritised findings and actions
- For PDs, COOs and CEOs

02 INTERIM LEADERSHIP & DELIVERY

Experienced leaders who step in to deliver, recover or strengthen critical projects and programmes.

- PM / SPM / PD resource
- Schedule recovery and performance
- Stakeholder and team leadership
- Cost, risk and delivery control

03 DEEP DIVE DIAGNOSTICS

A rigorous diagnostic across 10–15 dimensions to uncover root causes and probability of success.

- Observed, evidence-based scoring
- Probability of success assessment
- Heatmaps and insights
- Actionable recommendations

THE IMPACT

Stronger decisions. Better delivery. Lasting impact.

We help leaders shift from uncertainty to clarity and from risk to results — delivering measurable, sustainable value.

IMPROVED PROBABILITY OF SUCCESS

Evidence-based insights that significantly increase the likelihood of achieving project objectives.

REDUCED RISK AND SURPRISES

Early identification of issues and weaknesses to prevent problems before they become costly.

STRONGER TEAMS AND STAKEHOLDER CONFIDENCE

Clearer direction, better engagement and aligned teams focused on common goals.

BETTER COMMERCIAL OUTCOMES

More informed decisions that protect budgets, improve margins and maximise value.

SUSTAINABLE IMPROVEMENT

Practical recommendations and capability uplift that drive long-term performance and resilience.

OUR DIFFERENCE

Independent. Experienced. Focused on results.

We bring real-world delivery experience, commercial acumen and independent perspective to every engagement.
